

The Voice of Serneus

Tom Zai, Oktober 2012

Verses:

The verse is just a teaser
With the aim to make you wonder
The next verse is much easier
And I claim it is like thunder

Cause thirty seconds are enough
Refrain must be the next
The tunes are surely real cool stuff
But I wouldn't care the text

Refrain:

Just take a simple song
You never will be wrong
The impact must be strong
Everybody sings along

la,la,la....

We hear the, we hear the, the weirda voice ... the Voice of Serneus

Bridge:

A bridge gives you a break
In every song I make
I hope you can't await
The next song – it's a bait

The message really doesn't matter
Simple lyrics are much better
Anyway we'll sing again
At the top of voice, as just one man

Refrain:

(and the easy-peasy solo part)

Refrain:

(Oh my God, I'm in the Voice of Serneus, I'm so happy,
Thank you Mummy and Daddy, Oh, guys, I love you all!)
(Phu, that was close, 2.59, just in the nick of time!)
