

Spoony, greedy, shabby, clearly  
Almost every known and unknown weakness  
Seldom is there one who struggles more  
Than me – the richest of the poor

No pitfall is too small to get me trapped  
No windfall is too far to miss  
Mourning, grieving, it's all the same  
I'm a disgrace, I'm a shame.

Ref:

When I have failed I cry and pout  
Just want the proof that there's no doubt  
Can you explain, give me advice  
Why I make  
Every mistake  
Not once but twice

Lousy, bitter, scrubby, sick  
When you need a fool to pick  
Take me - you surely won't be sorry  
I am the king of fools, no worry.

No bargain is too big to overlook  
No meal too easy to overcook  
No reason is too stupid to annoy me  
No season is too wrong to avoid me

Ref:

When I have failed I cry and pout  
Just want the proof that there's no doubt  
Can you explain, give me advice  
Why I make  
Every mistake  
Not once but twice

Bridge:

Forgive me in case I nerve – shit!  
Deceive me whenever I deserve it  
In the land of the blind  
The one-eyed man is king  
So be as kind  
as at least to let me sing

When I have failed I cry and pout  
Just want the proof that there's no doubt  
Can you explain, give me advice  
Why I make  
Every mistake  
Not once but twice
